

A breakthrough opportunity in pharmacy benefits

Provide end-to-end coverage from patient care to pharmacy

Led by experts dedicated to the evolution of the pharmaceutical and healthcare industries, DiRx negotiates low pricing on the most commonly prescribed, FDA-approved generic medications sourced directly from the manufacturer.

Introducing DiRx Smart Pharmacy Plan

Unlimited prescriptions and refills for up to 1,000 eligible most commonly prescribed generic medications—a progressive next step offering for your patient memberships.

DiRx customizable tiered plan delivers prescription coverage that is easily integrated into your DPC memberships as a stand-a-lone benefit or membership extension. Offer a turnkey solution for prescription coverage with your patient membership.

Competitive Formulary

Largest portfolio in the direct-from-manufacturer sourcing space. Ongoing strategic assessment for most competitive pricing and product additions.

Tiered Plan Flexibility

500 and 1000 product plans to meet the needs of your patients and your practice.

Member Support

24/7 multilingual member care and Pharmacy team access.

Added Savings

Up to 97% off out-of-plan medications provided in our formulary. Free standard shipping on all orders.

In-Store Pharmacy Savings Card

Acute, brand, and specialty prescription discounts available in partnership with 64,000 retail pharmacies across the U.S.

The **Smart Pharmacy Plan** covers the most commonly prescribed medications individuals need affordable access to, including prescriptions for heart health, mental health, diabetes, cancer, men's health, women's health, gastrointestinal health, dermatology, and antibiotics.
